Mission

Provide the opportunity to create, sustain and celebrate a life free from abuse

Emerge Center Against Domestic Abuse is the product of an April 2008 merger of Tucson Center for Women & Children (founded in 1975) and The Brewster Center (founded in 1983), resulting in Emerge being the only comprehensive domestic violence service provider in Tucson and the largest in Southern Arizona.

Our services in Tucson and Pima County include a 24/7 multilingual hotline, emergency shelter, community-based services, lay legal/court-based services, child and family programming, transitional and rapid re-housing programs, a Men's Education Program for men using abusive behaviors, and community engagement related to healthy masculinity and reducing gender-based violence.

Emerge receives funding from local (City of Tucson and Pima County), state (DES and VOCA) and federal (DOJ OVV) government sources, as well as support from private donors, foundations and corporations.
